### Morning 12/29

7:45-8:00 **Easy Exercise.** See Day 1 for details.

9:30-11:00 **Healthy Eats** In the past I have focused on the nuts and bolts of difficulties with diet. I have been slowly evolving to address the complexities that we all face. Less well appreciated is the role of the food industry in this country compared to others, and how we need to change our habits to reflect a healthier lifestyle. Doing that is made all the more difficult by our culture. **Jon Hoskin** has a PhD in Food Science.

11:00-12:30 **Book Club.** For many SWIMs past, **Christine Stay and Aidan Quinn** of Friction Farm have led us in a book discussion. They always choose fascinating novels and lead an interesting discussion. Book title to be revealed.

## **Saturday, December 30, Day 3**

### **Morning 12/30**

9:30-10:30     **Article 2 and You** Significant change is coming our way at the next UUA GA. Many UUs have expressed concern about what is replacing the Principles and Purposes that have guided our liberal religious tradition. They are troubled by the emphasis on covenant with “accountability” to others rather than personal conscience; by the abandonment of freedom of belief and freedom of conscience; and by the primary purpose of the UUA no longer being "to serve the needs of congregations." What does this proposed bylaws change mean to you? Come and share your thoughts. **Karen Brown** is a life-long UU who has joined fellow UUs in [savethe7principles.org](http://savethe7principles.org) to help preserve our liberal religious faith tradition.

10:30-12        **UU Green Sanctuary** Each summer is hotter than the previous summer and the sea keeps rising. We're living in one of the most vulnerable places in the world (because of climate change) and the American South has a long history of racism and other forms of oppression. We're trying to develop a Green Sanctuary network that will bring Unitarian Universalist congregations and clusters together in the American South for some grassroots projects. This is a panel discussion moderated by **Bob Murphy**, the minister who developed the Green Sanctuary program during the 1990s. He will provide resource materials that will be helpful for Florida congregations.

### **Afternoon 12/30**

1:30-3          **Creating Mandalas.** The workshop will include an historical overview on the development and uses of mandalas or “sacred circles” in Sanskrit. Each time we color a mandala, we invite a little harmony into our lives, so we will then create our own designs after viewing lots of examples. No art background is needed to participate, and all supplies will be provided. Limited to 10 participants. **Sara May**

3:00-4          **Old Time Sing Along.** We will enjoy singing together many songs that we all remember from years past (1920s- ‘50s.) Paula will take requests, accompany us and lead us in song. Bring your cell phone so we can Google the lyrics. This will be a fun and relaxing workshop. **Paula Heusinkveld** has led workshops and created concerts at SWIM for many years.

4-5              **Introduction to Bocce** is a fun game similar to lawn bowling. **Steve and Carolyn Baker** are offering it again this year.

4:00-4:30      **Meditation.** See Day 1, 4:00 for details.

### **Evening 12/30**

8:00-9          **Concert** with [Friction Farm](#)

9:30 **Late Night Movies Elle' Long** is bringing some of her favorites for us to choose from. Queen of the Desert; My Donkey, My Lover & Me; & Where to Invade Next: Prepare to be Liberated are a few of titles she has mentioned.

## Sunday, December 31, Day 4

### Morning 12/31

9:30-11 **TBD**

11-12:30 **Religion and Change** Using a newer understanding of Neuro- science, we will address the subject of change and how religion has developed. Intentional and unintentional life-changing events can help us evolve and address difficulties as we get older. This has been a slowly evolving interest of **Jon Hoskin** which combines his various interests.

### Afternoon 12/31

1:30-3 **Writing with Ellé Session 2** See Day 2, 3pm for details.

2:30-4:30 **How to Fly a Drone** The first hour of the workshop will cover basic drone operations and regulations. Starting indoors, we will practice basic flying. After that, around 2:30 p.m., weather permitting, we will go to a local park for **Part 2** and fly some camera equipped drones. If you have a drone, bring it, otherwise the leader has several available so everyone can give it a try. **Chris Woodard**, an IOS developer in Tampa, Florida, has taken up drones as a hobby and is in the process of obtaining a commercial drone license.

3:00-4 **Day Dancing! Rebecca Moon** has a playlist to keep us dancing. Free dancing for anyone who wants to dance before New Year's Eve, and for those who go to bed with the chickens, day dance. Participation expected, no spectators.

4:00-4:30 **Meditation.** See Day 1, 4:00 for details.

### Evening 12/31

## Monday, January 1, Day 5

### Morning 1/1

Each kit will include a couple of lamp work beads, some "fancy" beads, and enough small beads to complete the project. Limit 10. **Dee Medley** is a crafter with many skills. Beading is one of them. If you know Dee, you've seen the lovely jewelry she makes.

11-12:30 **Poncho's Never-ending Workshop Poncho Heavener** has been leading this personal growth workshop at SWIM every year since 1976 and has changed many lives for the better.

Folks, that is 42 years and counting! What is amazing is that each year is a little different, and we keep coming back for more. Come see what the magic is all about!

### **Afternoon 1/1**

**1:30-2:30 Home Ownership Part 2** This is a continuation from Part 1 – see listing for 1 p.m. 12/29. You can register for both sessions or either.

**3:00-4 I Ching for Women**, based on the ancient Chinese Book of Changes. Come join with a group of women to learn how to use this divination/guidance process with any issues you want to receive clarity on at the time. All you need bring are three coins to toss in an orderly fashion and pen and paper to document the throws you make. This process is much like the traditional male-oriented I Ching, only geared toward the feminine perspective. Group discussion will follow. When **Sara May** found this book, she was so impressed with it that she wanted to share it with others. Limited to 8. Bring 3 coins, pencil & paper.

**4:00-5 Take a Trip with Candy & Russ** We've selected 25 or less picture highlights from our visits to Brazil, Cambodia, Thailand, Scotland, Ireland, European River cruise, Belize, and Caribbean cruises. If you have 25 or less pictures from a special trip bring them along. The group can choose which ones they want to view. We won't have pictures from Alaska, though, because Candy fell and broke both shoulders and we had to cancel 😞

### **Evening 1/1**
